The Rokka Ski Club was reactivated in 1950 by a handful of people primarily to promote skiing in the Asian Community. From this beginning, the club has grown to hundreds of individual and family members. Certified instructor Rokka members also established a ski school by 1960 for other members. The Rokka Snowsports School is a member of the Professional Ski Instructors Association (PSIA). Rokka members also have access to their own bunk lodge at Crystal Mountain. Other club activities include club races for all members, annual potluck dinners, Golf Day, Bike Ride and an amiable meeting place for skiers of all ages, beliefs, and cultures.
